

The **NORTHERN DREAM**

2015 Columbia River Wine Tasting Yacht Cruise Itinerary and Schedule

RATES: 8 DAY - 7 NIGHT + HOTEL BONUS

Master Stateroom: \$4,350.00 per person-Double Occupancy.

Standard Stateroom: \$3,850.00 per person-Double Occupancy.

The MV “*Northern Dream*” is a 65 foot Sea Ranger motor yacht. It’s home port is Astoria Oregon where it returns every year from S.E. Alaska. In Alaska, it offers our clients a variety of trips from day whale watching, overnight glacier & kayak tours to our 8 day 7 night “*Discovery*” cruise. While on the Columbia River, she offers people the chance to see the best parts of the river while enjoying various stops along the way. In our exclusive “Columbia River Wine Tasting Yacht Cruise” we take passengers to various vineyards and wineries along the way. In addition, we take them to museums, places of interest and allow them to visit the Pacific ocean, something other boat companies often do not have time for. Our passenger count per trip is low (only 3 couples) so they are sure to receive extra attention. Each stateroom has a queen sized bed, private well appointed bathroom, TV and DVD player with over 30 movies to chose from. The boat is spacious with full walk around decks and a front view seating area forward of the pilot house. The upper deck also has comfortable seating with a 360 deg. view. The boat is equipped with a launch boat and kayaks. Additional seating is available in the aft cockpit area as well. The windows are large which allows for great views while dinning or underway. The interior is finished with solid teak and mahogany for a warm and inviting atmosphere. The meals are first class as we have on staff a professional trained chef that prepares all the meals onboard our vessel. The Northern Dream is owner operated by two licensed Captains with many years of experience on both the Columbia River and in SE Alaska. All the crew are US citizens and speak English.

NOTE: Passengers **must** be able to climb steps as all staterooms are accessed by steps as is the entry and exit of the boat.
